Hey Sarah,

Ashley and I drove all those locations that were supposed to be cleaned today because we couldn't remember making those requests for any of them except for the one that actually was cleaned today. Upon arrival at each location we confirmed we didn't make those location requests so I am sorry that there wasn't an encampment to clean up. In the future, is it possible to notify our office when the locations they go to post are no longer valid? I know you and I use to do that to ensure that our clean up days are utilized to the fullest. Any help with this would be greatly appreciated. Thanks!

Best,

Gaby,

As with all locations, we surveyed the list of priorities that you provided and posted those locations which required service. The posting survey is attached and you can see the photos and notes from staff.
